

PRIVACY POLICY

Application "Golf Score Race"

Last update: 04/09/2026

1. Data Controller

The data controller is BCI Solutions S.R.L.S., Via Giacomo Matteotti n. 38, 25027 Quinzano d'Oglio (BS), Italy.

2. Application Type

Golf Score Race is a stand-alone mobile application for tracking and managing golf scores. The app does not require registration, authentication, account creation, or the entry of personally identifying information.

3. Data Processed

The application does not collect, process, or transmit personal data. All data entered by the user, such as scores, statistics, golf courses, and handicap, remain stored locally on the user's device.

4. Processing Methods

All data processing is carried out locally on the device. No remote servers, external databases, or cloud systems are connected to the application.

5. Data Retention

Data remain stored on the user's device until the app is uninstalled or the user manually deletes them.

6. Data Sharing

No data are shared or disclosed to third parties by BCI Solutions S.R.L.S..

7. Advertising

The app is free and may include third-party advertising banners. Any processing performed by advertising providers is governed by their respective privacy policies.

8. User Rights

Users retain full control over their locally stored data and may delete them at any time, including by uninstalling the app.

9. Liability

BCI Solutions S.R.L.S. disclaims liability for direct or indirect damage arising from use of the application.

10. Changes

This policy may be updated periodically. Users are advised to review it from time to time.
